

Davit Khalatyan

Motion Graphic Artist

SUMMARY

Motion Graphic Artist with over 10 years of experience in the sphere.

I specialize in 2D/3D animation, SVG/JSON animation, 3D modeling for animation, and advanced compositing. I create diverse animation assets for Social Media, PUA (Performance/User Acquisition), Promotional videos, complex graphics for Events or Presentations, Explainer animations, SaaS animation, and Lottie assets for WEB, iOS, and Android.

My 3D expertise covers social media assets and Web Thumbnails, utilizing skills in 3D modeling, texturing, lighting, and rendering.

I maintain continuous professional development, constantly researching techniques to ensure the highest quality deliverables and achieve top-tier results in every project. I possess exceptional time management skills, effectively balancing my primary role with external community commitments. This discipline allows me to professionally handle concurrent workloads, ensuring high-level quality across all projects while consistently preventing burnout.

I prioritize working closely with other specialists for seamless collaboration and proactively manage client communication, ensuring the team is well-informed and positioned for success.

EXPERIENCE
